

Homestead Winter Storm Checklist

- Check all shelters for loose boards, gaps, or drafts.
- Add fresh bedding to all pens and shelters.
- Secure doors, gates, and hardware.
- Move water containers to protected areas.
- Fill backup water buckets.
- Verify all water sources are clean and not frozen.
- Bring in extra hay and feed.
- Place hay inside shelters for easy access.
- Prepare tarps, tools, and repair supplies.
- Check equipment for starting and operation.
- Walk the property and confirm everything is storm ready.
